

Modules in the H2H System

Be Inspired!

To help and inspire you in your Synergy business, there are a number of events – both local and global that you can tap into to help train, motivate and inspire you and your fellow team members. These can be categorised as follows;

- Webinars
- H2H team training
- UK training
- Synergy summits

Webinars

Short for **Web**-based seminar, a webinar is a presentation, lecture, workshop or seminar that is transmitted over the Web using video conferencing software. A key feature of a Webinar is its interactive elements and the ability to give, receive and discuss information in real-time.

H2H team members can share audio, documents and applications with webinar attendees. H2H team members use webinars to introduce the business to people who are not geographically close, or to provide training to other team members. While the presenter is speaking they can share desktop applications and documents.

Previous training meetings are often recorded and can be made available to H2H team members unable to attend in real-time.

Most team members use the free version of Zoom which enables you to have webinar meetings online.

Speak to your upline for a tutorial of how to use it if you are new to webinars.

There are a host of excellent recorded webinars in our YouTube channel under the playlists Foundations for Elite Health

H2H Team Training

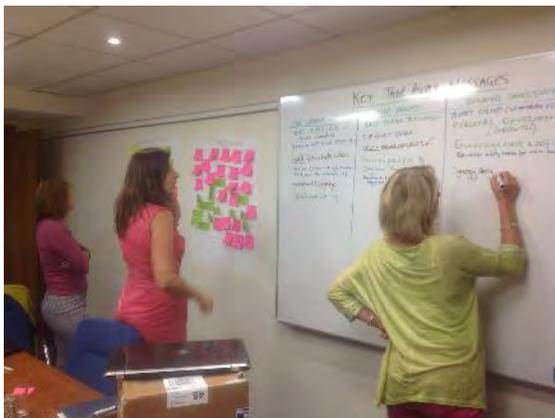

Team training within H2H is designed to be informative, collaborative and fun!

From home based product training – such as Trulum skin care workshops, hotel based seminars with key leaders or business training on key skills – the H2H team is always looking to put sessions together that provide self-development opportunities.

The H2H Path to Freedom Facebook page

<https://www.facebook.com/groups/heart2heartpathtofreedom/?fref=ts>

is the place to find out more about H2H organised training sessions, which are open to any H2H team members. You can find upcoming events in our Events Calendar in this portal.

UK Training

The European Advisory Board, comprising of the European General Managers and leading UK distributors organise regular training events that focus on Product Training, Business Development Training and Personal Development Training. These are ideal sessions to bring prospects and new team members to – so they can learn more about the great health benefits of Synergy products and/or learn about the potential for a residual income by becoming a Synergy Distributor.

The Synergy blog <http://ieblog.synergyworldwide.com/> always has the dates and locations of these events, where people can come to learn, hear great product testimonials, network with others and try products, as well as the opportunity to sometimes win prizes!

Synergy Summits

People who participate in these events get an important view of the potential Synergy WorldWide has in global markets. Those who participate in events benefit from great motivational and technical trainings. These trainings lead to significant advantages that can boost your business.

Nothing can replace personal participation at these Summits, meeting and talking personally with company leaders and Synergy representatives, asking questions, and diving into successful programs with Synergy's best and brightest—these experiences are invaluable to your business. In a traditional organisation, trainings and event programs of this magnitude would cost thousands, typically such Synergy events are less than £100 to attend – in addition they are a great way to explore exciting cities like Barcelona, Rome, Vienna and others.

Every successful Synergy leader talks about the importance of attending these summits – and bringing your team members with you – this is very true within the H2H team, which typically has the highest UK attendance at such events.

SUMMARY

- Events are a great way to network with like-minded people, learn more about the Products and the Business Opportunity
- H2H also organizes self-development training – check out the H2H Path to Freedom page for more information – perhaps there is a skill you bring to the team that others would benefit from?
- Look at the calendar in our team portal and diarise upcoming events
- UK events are a great way to introduce new people to Synergy – check the blog for upcoming events
- All successful leaders stress the importance of attending the European summits – make it your goal to attend and bring as many people with you as you can – your business can expand as a direct result from these events
